

FASTWEBREQ

Case: 1891 Change Date Req'd to Date Required

Label change made.

Case: 2034 Create drill through from PO Query to PO Detail

A hyperlink was added, which leads to the PO Details of selected record. From Details, the user can click Return button on the Nav bar to return to the PO Code summary page.

Case: 2035 Add PDF button to datagrid on PO Query

New datagrid column added called PDF. The column displays a PDF icon and when clicked will open a copy of the the PO details (exactly the same as the PO displayed on the ReqStatus page).
