

FASTPORTAL

Case: 1812 Create Logout button

Added a logout button to the top menu bar.

Case: 1961 Create separate batch sequence numbers for each application

When posting batches to the financial ERP system, each FAST application now has their own unique sequence number so there will be no gaps between the batch ID document numbers.

Case: 4981 FASTPORTAL - Tutorials page

Video tutorial added to FAST Web Requisitioning Help menu

Case: 5565 Login with no roles assigned

If a user logs in and has no roles assigned to their account, they will be advised of this with a warning message.
