**Case: 4442 Mass data entry for Budgets**

In Budgets quick launch menu, you can now select options to add budget entries to a single grant, multiple grants, or import budgets from an Excel spreadsheet.

**Case: 5154 Grants - When saving a record, add logic to prevent StartDate > EndDate**

On the grant form, if a start date is added that is past the end date, a notification error is now displayed.

**Case: 5371 Ensure due date is required field on Invoice Schedule**

Invoice schedule records will not be saved if due dates are NOT specified. An error message will open advising that a due date needs to be entered.

**Case: 5396 Improve Grants Page Performance**

Queries have been tuned in an effort to improve performance on the Grants page.

**Case: 5486 When adding a new row, open at top of data grid**

In datagrids where you can add new lines, the "new" line opens at the top of the grid.

**Case: 5488 Mass data entry for Invoice Scheduler**

In the Invoice Scheduler quick launch menu, you can now select options to schedule invoices for a single grant, multiple grants, or import from an Excel spreadsheet.

**Case: 5689 Mass data entry for Report Scheduler**

In the Report Scheduler quick launch menu, you can now select options to schedule statements for a single grant, multiple grants, or import from an Excel spreadsheet.

**Case: 5692 Adjusting Entries - Move single grant searchbox to options form**

On the Adjusting Entries quick launch menu, a search box has been added to the 'Add Adjusting Entries to a grant'. This eliminates a step from the process.

**Case: 5823 Adjusting Entries - Add excel import like on the budgets page**

On the Adjusting Entries quick launch menu, functionality has been added allowing the user to upload an excel spreadsheet. The system will identify any invalid data the user has entered in the spreadsheet to prevent data entry error.

**Case: 6090 New Excel Imports: Mandatory Fields**

On the Invoice and Report Scheduler pages, when you import data from Excel, the date column must be in the correct format. If it isn't, you will get a popup message advising you to change the date.
